Professional Summary

Seeking a role where I can leverage my skills in Frontend Engineering to drive growth and innovation, using my extensive experience in developing and implementing user-friendly and visually appealing web applications. Proficient in HTML, CSS, JavaScript, and React frameworks, I am adept at collaborating with cross-functional teams to deliver high-quality products. Always committed to staying updated with emerging technologies, I am eager to contribute my skills and creativity to drive exceptional user experiences. My portfolio can be found at <https://princesshemen.github.io/My-Portofolio/>.

Technologies Used: HTML, CSS, JavaScript, VS Code, Git

Project Name: To-Do List App - <https://princesshemen.github.io/To-Do-List-App/>

Description: A web app that allows the user to make and store a personal digital to-do list.

Technologies Used: HTML, CSS, JavaScript, VS Code, Git

Other projects of mine can be found on my LinkedIn and GitHub pages.

Extra-Curricular Activities & Volunteering

- **Assistant Course Representative, Computer Science, Class of 2025, Covenant University:**
As the assistant course representative, I actively engage with my peers, faculty, and university administration to address and advocate for the needs and concerns of my course mates, like helping organize tutorials and making sure all notes are distributed.
- **Member, Google Student Developers Club (GDSC), Covenant University:**
As an active member of the Google Student Developers Club, I contribute to a vibrant community of aspiring developers, engaging in discussions, sharing knowledge, and participating in various events and activities.
- **Member, School Ushering Unit:**
As a dedicated member of the school ushering unit, I ensure efficient crowd control and assist in maintaining a safe and organized environment during university assemblies and events.
- **Member, Project One Million Souls:**
As an active member of Project One Million Souls, a charity organization on campus, I contribute to improving the lives of the less privileged both on and off campus, playing a supervisory role in organizing special photography for charity events among others.
- **Member, Microsoft Learn Student Ambassadors Community, Covenant University:**
As a member of the Microsoft Learn Student Ambassadors Community, I actively contribute to promoting Microsoft technologies and resources among students. I engage in various activities such as organizing events, delivering presentations, and creating educational content to empower fellow students in leveraging Microsoft tools for learning and innovation.
